Universal solutions for the Studio and the Field

12" COLOUR FLAT PANEL PROMPTER

Telescript's lightweight prompting solution for any environment. Our 12" flat panel is small and light enough (13 lbs) for use in the field, on a jib, or with robotics. It's simple to set up and can run off a 12v battery in the field. DirectView option for above the lens mounting is perfect for super-wide shots and when matte boxes are used. True 12" flat screen display is large enough for studio use, and bright enough for outdoor location shoots.

MODEL NO. FPS 120

15" STUDIO FLAT PANEL PROMPTER

The latest and lightest in high-tech colour displays. Ideal for studio or location shoots, Telescript's lightweight prompting system (18 lbs) can adapt to any ENG or Studio camera setup. Hi-Bright feature and Broadcast Quality video ensure readability from greater distances and in difficult lighting conditions. Larger viewing area than traditional 15" CRT style prompters because screen is flat vs. Convex.

MODEL NO. FPS150

6" COLOUR FLAT PANEL PROMPTER

For the ultimate in mounting flexibility at 4 lbs, Telescript's 6" colour LCD flat screen is ideal for use with stadi-cam and hand held cameras. The unit comes equipped for through the lens viewing, as well as with DirectView to mount directly above the camera's lens. The panel automatically switches from NTSC to PAL, and operates on 12 - 240V DC for versatility in the field.

MODEL NO. FPS60
